Response to Office Action Dated 8 September 2005

### AMENDMENTS TO THE CLAIMS

The following listing of claims will replace all prior versions, and listing, of claims in the subject Patent Application:

#### LISTING OF CLAIMS:

1. (Currently Amended) A decorative lighting device, comprising:
  - a front panel having a predetermined specific design contour, said front panel having an opening formed therethrough defining a window and provided at a predetermined position with a window;
  - a windmill mounted behind said front panel in alignment to align with said window; and
  - a plurality first set of light-emitting elements mounted on said front panel to produce a lighting effect light;
  - a fixing frame, said fixing frame being coupled to said front panel; and
  - a rear plate being coupled to said fixing frame, said rear plate having a second set of light-emitting elements mounted thereon for transmitting light through said windmill.
2. (Original) The decorative lighting device as claimed in claim 1, further comprising a supporting pike connected to a lower rear part of said front panel for supporting and fixing said decorative lighting device.
